List Gas Appliances: Furnace Water Heater Range/Oven Dryer Stove
Other:

Size of Tank Desired? 120 gal. 250 gal. 325 gal. 500 gal. 1,000 gal.

The undersigned (hereafter called Customer) requests Garkane Propane, Inc. Hatch, UT (hereafter called Supplier) to install Gas service at the service address indicated above and in consideration thereof, Customer agrees to the following:

1. **USE OF TANK:** To assure safety in delivery and servicing, not to allow any other supplier or servicing agent to attempt to supply or service the equipment that Supplier provides;
2. **PAYMENTS:** To pay equipment fee and LP-Gas invoices within twenty (20) days of receipt. Late fees shall be applied if payment is not received before the next billing period.
3. **TAXES:** To pay all licenses, personal property taxes or any other taxes or assessments that may be levied on any equipment that Customer may lease from the Supplier.
4. **LOCATION:** Not to change the location or manner of installation of the Supplier's equipment unless customer has first obtained written consent from the Supplier.
5. **ACCESS AND REMOVAL:** To provide safe and unobstructed access to tank location. The customer agrees that in areas with limited access due to snow, ice, mud or other travel restrictions, that deliveries may be delayed until these conditions improve allowing for safe deliveries. Customer authorizes the Supplier to enter Customer's premises at any reasonable times to service equipment, deliver LP-gas and upon termination of Supplier's LP Gas Service Agreement, to remove said equipment from the premises. Supplier assumes no responsibility for damage caused by Customer's breach of agreement to provide safe and unobstructed access.

Fuel Delivery Options: Please Check One.

- Keep Filled** - The customer authorizes the supplier to keep the tank topped off. This places the responsibility of checking the level of the tank on the supplier.
- Fill Upon Request** - The customer takes the responsibility of checking the level of the fuel in the tank. The supplier will no longer monitor the fuel levels. The customer understands that the fuel may not be delivered until the driver delivers in that area again. The customer understands that running out of fuel can cause severe property damage such as broken pipes.
